Anyone who asks for this volume, to read, collate, or copy from it, and who appropriates it to himself or herself, or cuts anything out of it, should realize that (s)he will have to give answer before God's awesome tribunal as if (s)he had robbed a sanctuary. Let such a person be held anathema and receive no forgiveness until the book is returned. So be it, Amen! And anyone who removes these anathemas, digitally or otherwise, shall himself receive them in double.

Forward

Yet, with this THIRD book of my series *Syriac Reading Lessons* ܩܪ̈ܠܐ ܕܩܪܝܢܐ I have continued the same style as with book TWO. This means that the lessons, questions and poems have followed the same system as previously indicated.

My wish is that all my esteemed colleagues would let me know of any suggestions and corrections that they deem necessary. So that the next edition would come out more correct and complete.

May the Lord guide me to fulfill all that is pleasing unto His will for the glory of His Holy Name.

Abd-mshiho d-Qarah-bash

NOTE:

In this new revised book series, the original "book 3" became now "book 4".
